PADI Open Water DVD:	Included	
Textbook:	Included	(Open Water Diver Manual Crewpack, including <i>How to Choose and Use Computers</i> )
Rental Gear for Pool & OW:	Included	
Mask, fins & snorkel:	Not Included	

The PADI Open Water Diver Course is your ticket to the underwater world. In this course you will learn the techniques that will let you safely explore the underwater world. The course includes knowledge development (class work), confined water development (pool work), dry suit use, and four ocean dives in either Whittier or Seward. You will learn the basics of diving with computers and how to choose them. If you are short on time ask us about eLearning and private class options.
